

Please come to our ...

CHRISTMAS PARTY

Friday
December 16, 2005
5:00 – 7:00pm

**In the Commander Aero hangar at Dayton
Wright Brothers Airport**

Christmas Cheer

Turkey Dinner

Homemade Pies

Call Scherry at 888.881.5580 for details.

NOTICE:

Commander Aero will be closed December 25th and January 1st. For special services on these holidays call 937.313.6840.

JetA Fuel Customers

Federal Excise Tax on JetA fuel has been increased 2½ cents per gallon from \$0.219 to \$0.244/gal.

Commander Aero will not be charging this additional tax to our customers.

We have made this decision because individuals can not request refunds and we want to help our customers in every way possible.

What's New . . .

In 2006 *Commander Aero* will be celebrating its
25th Anniversary.

Anthony Amburgey

Please welcome our newest employee, Anthony Amburgey who joins us as an experienced line-man and a former Navy Seal.

Chris Millard and Ladd Air's new King Air 350

Chris Millard recently joined Ladd Air as Director of Flight Operations and Chief Pilot. Most of Chris's career was spent with Miami Valley Aviation flying Lear Jets as well as DC3's and Beech 18's. Chris is assisting John Watkins, Ladd Air's Manager in obtaining 135 charter service certification for their new 350 Beechcraft King Air.

YOU ARE INVITED . . .

Gary Kromer and Dick Kaercher

In October Gary Kromer, Service Manager and Dick Kaercher, Cirrus Technician attended the annual Cirrus Service Center's Conference in Duluth MN. They shared ideas with Cirrus and other Service Centers on how to improve service to Cirrus owners.

CURRENT PROJECTS . . .

Bruce Byerly, Gary Kromer, and Bruce Douglas

Commander Aero is performing SB's 235, 236, and 237 along with sound proofing, new carpeting and installing a new panel with many avionic upgrades. We are doing the work for Byerly Aviation who sold the 690B to Dr. Bruce Douglas.

Russ Topp, our Aircraft Structures Technician went to a Flight Safety training session in Houston and is now certified to sign-off SB237.

Jim Jenkins and Gary Kromer

Commander Aero installed overhauled engines and props, performed a 5-year gear inspection, and modified the baggage compartment door and interior on Jim Jenkin's Shrike. Jim was thrilled after his test flight to find that he now gets an extra 10 knots as well as being able to carry more baggage.
