Susan Holland, Cirrus Manager

Congratulations to Susan on her promotion to Cirrus Manager. With her experience in avionics and extensive training in composite repairs plus her competence as an A&P technician and team leader we are confident that our customers will receive the highest level of service.

"Rob" Robillard, Trainee Technician

Rob has been transferred from our Line to our Service Department. He has demonstrated his mechanical aptitude and is working on his A&P Certificate from Sinclair.

Denise Greer, A&P Technician

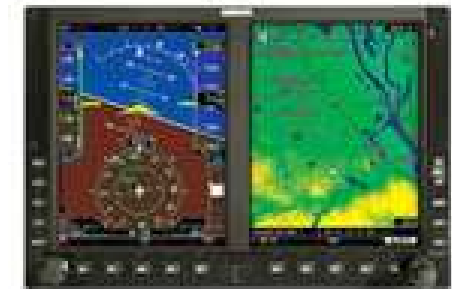

Please welcome Denise who has joined Commander Aero from United Airlines. Denise is specializing in avionics installations and repairs.

Avionics . . .

Jim Kildoff and Jack Musgrave

Jack Musgrave, Avionics Manager, is discussing the installation of Garmin's new G600 Electronic Flight Display System in Jim Kildoff's Shrike, N202JH.

GARMIN G600 ELECTRONIC FLIGHT DISPLAY SYSTEM

At last, retrofit glass is now within your grasp. Upgrade your avionics panel to the G600™ and start reaping the benefits of enhanced situational awareness, safety and pilot workload reduction. This affordable glass system combines a primary flight display (PFD) and multi-function (MFD) display in one 10-inch wide bezel — dramatically simplifying the cockpit.

Availability is expected by July 2007. Contact Jack Musgrave at 888.881.5580 Ext. 22 or by email at avionics@commander-aero.com for further details.
